

`mux.gce`

Attributes

```
mainvars: x1 x2 y c  
rparms: c0=0.5
```

Description

`mux.gce` is a multiplexer with the following behaviour.

$$\begin{aligned} y &= x_1 && \text{if } c < c_0, \\ &= x_2 && \text{otherwise.} \end{aligned}$$

AC behaviour is not implemented.
